The Breathe Easy Summit has applied for 4.5 CEUs and CMEs for the sessions offered through AzSRC and NAHEC.

Did You Know?

- Nationally, **6.3% of U.S. adults** (an estimated 15 million) have been told by a health care provider that they have COPD¹;
- In Arizona, COPD is the **3rd leading cause of death**, trailing heart disease and cancer¹;
- **Only 1 out of 10 patients** with a metered dose inhaler **performs all essential steps correctly**.²
