Dear Providers and Staff:

The IVR option on our phone system used for automated member eligibility verification and claims status is outdated, unreliable, and doesn't meet current security requirements. As a result, after careful consideration and discussion; we are discontinuing it effective July 1, 2016.

Between now and June 30, 2016, when the IVR option is chosen the user will hear a message that reminds them about the upcoming sunset.

We encourage you to use our provider portal to check eligibility and claim status. The portal is up to date and available 24 hours a day 7 days a week. Rain or shine!

To obtain a login or receive assistance with navigation using your login, contact Provider Network Operations using the information in the footer below. Our team is ready to help! Or register online through our website www.care1st.com/az. Click on the Provider Portal link in the upper right and then click on the registration link:
