

UPDATES TO THE PRIOR AUTHORIZATION REQUEST FORM TREATMENT AUTHORIZATION REQUEST

Effective October 17, 2018

October 17, 2018

Dear Care1st and ONECare Providers and Staff:

The Treatment Authorization Request (TAR) has been updated with additional information including the Care1st admission fax number, which is separate from the Prior Authorization fax number.

In addition, the TAR was enhanced to add a MSIC location indicator and multiple Behavioral Health (BH) options. Please delete the old TAR form and use this new TAR request form going forward, and as a reminder please be sure to complete all the appropriate areas pertaining to your request to assist us in our response time.

The updated Treatment Authorization Request is available at www.care1staz.com in the following location: Care1st > Providers > Forms

Thank you!

Care1st Network Management
Ph 602.778.1800/866.560.4042 (Options in order: 5, 7)
