

COVID-19 Information for AHCCCS Providers

Now more than ever it is critical that our providers have real time access to information impacting the way we provide services and do business in the midst of the COVID-19 Emergency.

In an effort to accomplish this, in collaboration with the AHCCCS Health Plans represented by the Arizona Association of Health Plans, Health Current has developed and will host a webpage that functions as a centralized resource for COVID-19 related issues impacting the Arizona Medicaid provider community. The webpage provides:

- Critical Arizona State Announcements
- Important FAQs and other Relevant Documents
- Trainings and Webinars
- COVID-19 Resources
- Health Plan Contact Information

To access this new resource please visit <https://healthcurrent.org/ahcccs-covid19/>.

If you have any questions or concerns please contact your Health Plan Representative.
