

Vaccines for Children (VFC) Provider Enrollment Reminder

June 26, 2020

Continued participation in the VFC program requires re-enrollment every year. The re-enrollment deadline for continued participation in the Vaccines for Children Program is fast approaching.

The Arizona Immunization Program Office strongly encourages timely completion of your VFC re-enrollment. Not completing your re-enrollment on time may affect your ability to order vaccines.

However, the Arizona Immunization Program Office is not disenrolling providers who cannot complete their VFC re-enrollment by the due date. The immunization program realizes that these are challenging times and will be as flexible as is possible with VFC providers and their staff that may need a bit more time to complete this task.

The Arizona Immunization Program Office cannot approve 2020 Provider Agreements until they are completed in ASIIS and all required documents are uploaded to the VFC website. If your current Provider Agreement expires and you have not reached out to VFC for assistance, you may not be able to order VFC vaccines until your 2020 re-enrollment is submitted and approved.

Ensure your vaccine ordering is not disrupted. Please be sure to complete all required documents prior to June 30th, 2020 or reach out to the Arizona Immunization Program Office before the deadline.

If you need assistance or extra time to re-enroll, please contact a VFC Immunization Program Specialist:

Phone: 602-364-3642

or

Email: ArizonaVFC@azdhs.gov

For additional information please visit the Vaccines for Children web page:
