

STATE ONLY ENROLLMENT INPUT FILE PROCESS

Care1st RBHA

Effective 10/1/2023

Revised 9/8/2023

I. INTRODUCTION

The State Only Enrollment (SOE) Process enrolls non-Medicaid eligible individuals receiving State Only (SO) eligible Behavioral Health (BH) services with the contracted Regional Behavioral Health Authority (RBHA) in their home's Geographical Service Area (GSA) to deliver required information to AHCCCS.

The enrollment process is initiated by providers submitting required enrollment data to the RBHA on a SOE Input File.

Care1st providers will be expected to successfully test and be ready to begin submitting production files by 9/30/2022.

FACTS:

- 1. Care1st only accepts 'add' SOE transactions. Add' transactions are new SOE enrollment span dates for new or previously enrolled members that meet the SOE validation requirements on your requested SOE span dates.
 - a. If you have a "change" or "term" transaction, please see the Technical Assistance section on how to request on of these two transactions.
 - i. Please note that RBHAs can only send changes to AHCCCS for active SOE that were opened by them.
 - b. "Change" and "term" transactions through the SOE input process will be a post Go-Live enhancement (ETA TBD).
- 2. State Only eligible services can include (not limited to) BH Crisis, jail release planning services, services covered by SABG, MHBG and CBHSF funds. See AHCCCS Covered Services.
- 3. Most SOE spans submitted to AHCCCS will be visible on AHCCCS Online enrollment tabs once AHCCCS has approved the submission. Some SOE spans may not show if submission falls under section 3c scenarios below as AHCCCS Medical Enrollment is priority over State Only in AHCCCS portals. Use RBHA Provider Portals to determine if SOE is needed.
- 4. Also known as Non-Title, NTXIX/XXI.
- 5. Care1st's RBHA GSA is the Northern AZ counties: Apache, Coconino, Mohave, Navajo, Yavapai

TIP: Utilize AHCCCS Online and available RBHA Provider Portals to verify that member meets SOE requirements!

- 6. State Only members with an active enrollment span are enrolled in the pharmacy system under a default group with very limited benefits if RBHAs do not have the proper data to identify them as part of a special SO pharmacy group. Please ensure that proper and timely identifying data is submitted for members to ensure they are enrolled with the proper pharmacy group. Below are the special groups a SO member can be enrolled under and the data sources Care1st uses for the identifiers.
 - a. Serious Emotional Disturbance (SED) children aged 0-17.
 - i. Data Source:
 - 1. Pre 10/1/2023: Diagnosis codes from claims data
 - Post 10/1/2023: Via the SED determination process using a Behavioral Health Category (BHC) like the SMI process below. https://www.azahcccs.gov/PlansProviders/Downloads/HealthPlans/2022/SED_EligibilityDeterminationsFAOs.pdf
 - b. Serious Mental Illness (SMI) Adults aged 18+
 - i. Data Source: AHCCCS receives the BHC data for SMI members from the SOE Input process (hence why it's important to populate this field on the SOE Input file to us!) and the SMI determination process.
 - c. Substance Use
 - i. Data Source: DUGless data that providers submit to AHCCCS and claims data submitted to RBHAs.
 - d. Children's Behavioral Health Services Fund (CBHSF) aka Jake's Law for students up to age 21.9
 - i. Data Source: Reporting data that providers submit to RBHAs
- 7. Claims should only be submitted after verifying that the enrollment request has fully processed into Care1st enrollment systems using the provider web portal or daily status report provided in this process.
- 8. Members can be enrolled with the SOE input process if:

LINK: See Section VIII for examples of the below scenarios: <u>SOE Eligibility Examples</u>

- a. The SOE begin date with Care1st must be $\geq 10/1/2022$.
- b. Their physical/home address is within the Care1st service area.
- c. The services being billed are SO Eligible services.
- d. They are not enrolled with any of the AHCCCS Plan types listed below on the SOE dates being requested.
 - 1. Any AHCCCS Complete Care (ACC) Plan
 - 2. AHCCCS Fee For Service (FFS) other than Medicare Savings Program
 - 3. Any AHCCCS Long Term Care (LTC) Plan

- 4. Any AHCCCS Tribal Regional Behavioral Health Authority (T/RBHA) or American Indian Health Program (AIHP)
- 5. Any AHCCCS RBHA (for SMI Opt Outs, State Only, etc.)
- e. If member has Serious Mental Illness (SMI), they must undergo a financial screening. If member refuses screening, they are not eligible for SO. Please see AMPM 650 for additional information.
- f. There are certain situations where a member will appear already enrolled with AHCCCS, but would be eligible for SOE.
 - ii. SOE dates in these scenarios must align with the enrollment dates with one of the below Health Plan types and member home address requirement.

PLEASE NOTE: Enrollments may be submitted for BOTH enrollment types for the following scenarios.

Best Practice:

- Use a "Crisis" process for any short term services (any services that you know have an end date to them e.g. Crisis) and/or qualifying BH services provided for a member that is enrolled with any other plan.
- Use SOE process for ongoing/long term services for members meeting all other validation requirements in these two enrollment scenarios.
 - 1. Incarcerated Member with suspended AHCCCS Medicaid Enrollment (e.g. CTYPRI Health Plan)
 - 2. AHCCCS Medicare Savings Program (e.g. QMB, SLMB, Q1)

II. TESTING

Care1st Providers will be required to successfully pass SOE Input File testing before being permitted to submit in production.

FACTS:

- 1. All examples in training process documents will use the test Provider name of 'XYZ, Inc.' and Provider ID of 'XYZ'. Providers should use their assigned Provider ID found in the file specifications for Test and Production.
- 2. Testing for both SOE and "Crisis" Input file processing will begin 9/6/2022.
- 3. 25 Test Members per SOE and "Crisis" Input file
 - a. SOE members can be created by provider.
 - b. Care1st will provide a list of Test members for "Crisis" no later than 9/1/2022.
 - c. At least 5 of these members on each file must be "negative" test scenarios so providers can test reaction to error messages.
 - i. SOE Examples missing required data, start date after begin date, etc.
 - ii. Crisis Examples members not on Test member list, missing required data, start date after begin date, etc.
- 4. 95% successful submission of 'positive' test scenarios for each file will be considered passing for file ingestion.
 - a. At least 19/20 'positive' test records should process without issue on each file and received on a Test Status report (with a non "Error Pending" status requiring resubmission for SOE.)
 - b. This is cumulative, so rejected records can be resubmitted on a new test file if needed.
- 5. Email SOE Input Test files to Care1st Enrollment team inbox for processing **NOT SFTP**.
 - a. Email header: C1 SOE Testing_XYZ_Test Attempt #[]
 - b. File Name: Add "T[attempt #] at the end of file.

Example:

C1 SOE_XYZ_20220901_T1

Tip: Follow the Work Process steps in section V below skipping any reference to SFTP and just send files to Enrollment team inbox during testing.

- 6. Care1st will provide Status files for SOE Test submissions like production, however these will be exchanged via secure email as well rather than SFTP in test.
- 7. In the same email you receive your test results, Care1st will also provide your current testing status. If you have successfully passed input file testing with at least a 95% success rate, Care1st will also ask you to attest that all response files have been integrated into your processes successfully.

Tip: This can just be a response to the email we send your results with.

- 8. Once attestation is received, your testing will be complete for that process.
- 9. You must pass testing for both "Crisis" and SOE processes to be permitted to submit files through production.

III. SFTP

Care1st is utilizing a Secure File Transfer Protocol (SFTP) process to exchange SOE files securely with providers in production after Go-Live. This will include the provider exchanging the initial SOE Input file with Care1st and Care1st exchanging Status Reports with the providers.

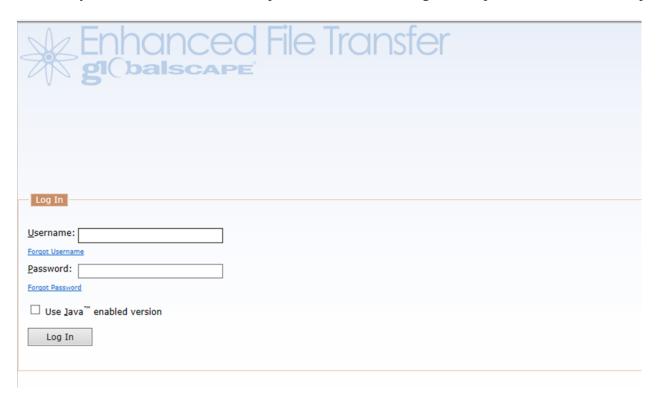

FACTS:

- 1. For examples of the SFTP and how it integrates with the full process, see the Work Process portion of Section V.
- 2. SOE Input File Process will depend on exchanging data files (in Excel format) through SFTP.
- 3. June 2022 Care1st outreached to gather SFTP log in credentials for providers that will be participating in exchanging SOE and/or "Crisis" files.
 - a. 77 individual user requests received from all providers
 - b. Care1st IT currently creating user login and SFTP directories to exchange data
 - c. Users will receive two emails once created from 'GlobalSCAPE_SFTP@centene.com.' One email with user name and how to connect and a second email with a password.
 - d. If user also has access to AzCH sftp, they will receive a separate user name and password for Care1st where their user name will begin with 'C1_'
- 4. User accounts become disabled after 90 days of non-use.
- 5. Files sitting on SFTP will be deleted after 14 days.

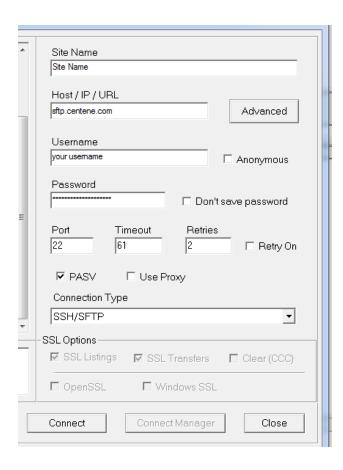

TIP: Please be sure to pull your response files to avoid them being deleted!

- 6. Reminder, SFTP will be used for PRODUCTION ONLY. Please do not use SFTP (other than logging in to validate credentials work) until Go-Live.
- 7. You should not drop files onto SFTP until notification is received from Care1st to do so after Go-live.

- 8. If additional users need access to sftp or you are locked out of your account, please reach out to Care1st Enrollment team for assistance using the Technical Assistance Process.
- 9. If you need to connect to the sftp via a web browser. Log in with provided credentials: https://sftp.centene.com/

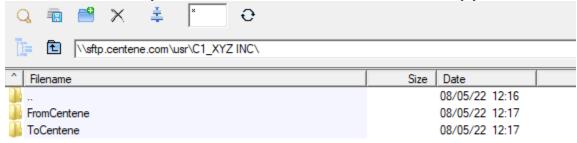

- 10. If you are connecting via FTP App (e.g CoreFTP, WinSCP, FileZilla) use the below connection properties (as necessary) when connecting:
 - a. Host/IP/URL: sftp.centene.com
 - b. Port: 22
 - c. Connection Type: SSH/SFTP

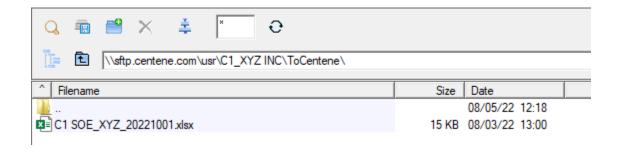

11. Go – Live Activity:

a. All users will be granted access to ONLY their associated Provider directory. When you log in, they you see you main directory of: \usr\C1_[Provider Name]. In this directory you will see two sub-directories:

TIP: Examples included are from using the CoreFTP application. If using other application or web, the same directories will exist.

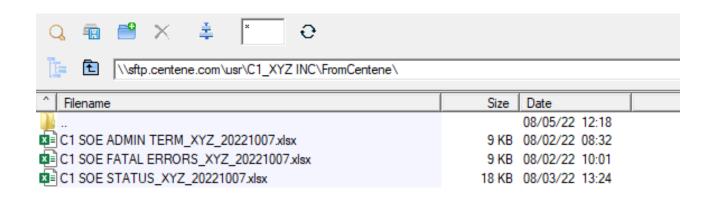

- 1. ToCentene This directory will be used for providers to drop their SOE input files.
- i. The ToCentene directory for each provider will swept once every business day at 7:00PM CST to pick up pending SOE input files.
 - 1. Input files are deleted from directory after they are swept.

- 2. FromCentene This directory will be used for Care1st to drop status reports for previous SOE input file submissions.
- ii. SOE Status Reports will be dropped on the FromCentene directory on the following schedule. **Please note** exact delivery time of day is approximate depending on delivery volume.

See section VI for more detail:

- 1. SOE Status Report Every business day at 7:00PM CST
- 2. SOE Fatal Errors Every Friday at 7:00PM CST
- 3. SOE Admin Term Last business day of each month at 7:00PM CST.

IV. PROVIDER SOE INPUT FILE SPECIFICATIONS

File Name Format: C1 SOE_[Provider Id found in Valid Values list]_YYYYMMDD_[file differentiator if sending multiple files per day].xlsx

Example:

C1 SOE_XYZ_20221001_A1.xlsx C1 SOE_XYZ_20221001_B1.xlsx C1 SOE_XYZ_20221002.xlsx

File Format: Excel

SFTP Drop Location: \centene.sftp.com\usr\C1_[Provider Name]\ToCentene

Daily Care1st File Pick Up: 7:00PM CST

Sample File Included with Training Documents: C1 SOE_XYZ_20221001

TIP: Sample file can also be used as an input file template! Just replace the sample data and be sure to change the file (including name) name to fit requirements!

FACTS:

- 1. If using provided manual Template, all fields with a RED colored column name are REQUIRED. Blue are optional or situational. Otherwise, use below input file specifications to determine which fields are required on each submission.
 - a. Note AHCCCS ID is only required if known upon submission. Providers SHOULD NOT create a dummy AHCCCS ID for new members or unknown AHCCCS IDs, field should be left blank.
- 2. Please limit file submissions to one SOE file per provider group per day. If necessary, you can add a unique identifier to the end of your SOE file if multiple files need to be submitted per day, but this should be rare.
 - a. Example of file unique identifier:

- 3. File names must be unique from all previous file submissions.
- 4. Please see section below on each field's requirements. Input Excel file will require a column header row.
 - a. Field Name listed in specs should be column names on submitted Input File.

V. PROVIDER SOE INPUT FILE SUBMISSION PROCESS (PRODUCTION)

Providers will initiate the SOE Process by submitting a SOE Input file to Care1st via SFTP.

FACTS:

- 1. Care1st will accepts "add" SOE transactions. "Add" transactions are new SOE enrollment span dates for new or previously enrolled members that meet the SOE validation requirements on your requested SOE span dates.
 - a. If you have a "change" or "term" transaction, please see the Technical Assistance section on how to request on of these two transactions.
 - i. Please note that RBHAs can only send changes or terms to AHCCCS for active SOE that were opened by them.
 - b. "Change" and "term" transactions through the SOE input process will be a post Go-Live enhancement (ETA TBD).
- 1. It is expected that you will ensure that proper validation as described in the **FACTS** portion of Section I is being completed using AHCCCS Online to avoid invalid submissions which lead to production delays.
- 2. It is expected that Care1st will provide resolution on each submitted record via reporting on the SFTP within 10 business days whether the record was fully processed or rejected due to error. We will only send records that you have submitted, other providers will not see your submission statuses.
- 3. Care1st turn around times for SOE Input file status and resolution begin the business day after you submit the input file.
 - a. If an input file is dropped on SFTP on Monday, the turn around time would begin Tuesday.

WORK PROCESS:

LINK: See Section VIII for examples of how a provider would work this process: <u>Provider SOE Input File Work Process</u>

Providers will use the SOE Input file to request enrollment spans for eligible State Only services. See File Specifications section for more information on file layouts and processing edits. Care1st will also provide a SOE Input File template for any providers that will be managing this process manually.

- 1. You will drop your SOE input file onto the designated SFTP directory ([Provider Name]/ToCentene)
- 2. Care1st automated jobs will sweep SFTP and pull any SOE input files at 7PM CST every business day.
- 3. Care1st Enrollment team will review files and submit any accepted records to AHCCCS for processing.
- 4. AHCCCS will send response files back to Care1st within 48 hours.
- 5. Care1st will load any AHCCCS accepted records to systems for Claims submissions within 48 hours of notification from AHCCCS.
- 6. Care1st will provide Status Report(s) to you for each submitted record in the designated SFTP directory ([Provider Name]//FromCentene). You will use Reports to update statuses in your system and/or perform further action. See Status Reports section for more information and specifications for Status Reports.
- 7. If record needs to be resubmitted due to an 'Error Pending' or 'Rejected' message on the status file, resend record on your next file with the corrected data if needed!
 - a. Ensure you are using the same Provider ID and Provider Internal ID to match your previous submission!

VI. SOE STATUS REPORTS FILES SPECIFICATIONS

Care1st will provide frequent SOE Status Reports for providers to utilize in their processes. Each of the three reports are described below.

SOE Input File Status Report

File Name Format: C1 SOE STATUS_[Provider ID]_YYYYMMDD.xlsx

File Format: Excel

SFTP Drop Location: \\centene.sftp.com\usr\[Provider Name]\FromCentene

File Drop Schedule: Monday-Friday 7:00PM CST

FACTS:

1. Report provides a status of each provider's submitted SOE records.

2. Allow 2 business days for submissions to show on their first SOE Status Report.

3. Allow 2 business days for submissions to fall off future reports once they show up in an Accepted or Rejected status.

4. Other than Status and Error Message, all data on report is generated from the input file the record was received on.

5. Any active 'Error Pending' record will be voided in the system if no action is taken within 10 business days. Provider and their assigned Care1st Provider Network Management rep will be notified via email in case additional training is needed. Record will not process any further.

File Format: Excel

SFTP Drop Location: \centene.sftp.com\usr\[Provider Name]\FromCentene

File Drop Schedule: Friday 7:00PM CST

FACTS:

1. There are instances when a record will not be loaded at all to the Care1st system but will not show on the SOE Status report. These are due to issues that would not allow an enrollment/member record to be built, such as:

• Enrollment Start Date Missing

- SOE Enrollment date overlaps an existing current enrollment span
- Provider ID and Provider Internal System ID not matching an existing 'Error Pending' upon resubmission.
- Provider ID and Provider Internal System ID empty
- 2. You will need to determine next steps for member enrollment.
- 3. No file will be provided if provider does not have Fatal Errors that week.

VII. TECHNICAL ASSISTANCE

If technical assistance is needed for SOE Input File submission, please send an email to the Care1st Enrollment team for assistance.

FACTS:

- 1. Care1stEnrollment@care1staz.com
 - a. Please ensure that this inbox is in the 'To' line.
- 2. Ensure all messages are sent securely to protect PHI.
- 3. For production, this inbox is only to be used for technical assistance for following issues. All other requests will be sent back to sender to reach out to Provider Network Management for assistance.
 - a. SOE Input file submission issue
 - i. Subject line should begin with "Care1st SOE Issue"
 - ii. Be sure to provide below information for ALL records/members.
 - 1. Member AHCCCS ID (If Known)
 - 2. Provider Internal System ID
 - 3. Provider ID
 - 4. Member First/Last Name
 - 5. Member DOB
 - 6. SOE Start Date
 - 7. SOE End Date
 - 8. SOE Input File Name record submitted on (if relevant to issue)
 - 9. Error/Rejection message received back on SOE Status report that you need assistance with (If relevant to issue)
 - 10. Detail on issue you are experiencing
 - b. **SOE Input file Change request.** If you need to make any changes to an ACTIVE Care1st SO Member's demographics (Name, DOB, etc.), please send request via email.
 - i. Subject line should begin with "Care1st SOE Change"

1. SECTION I – INTRODUCTION

- A. SOE Eligibility Examples
- a. Scenario: Member Not Found on AHCCCS Online Portal

Test Member Case: Provider wants to submit open-ended SOE effective 8/1/2022 for Michael Smith, DOB 1/2/1995, M.

Research: Member searched in Name/DOB search using data provided and adjusting name (Mike, Smith Jr, Smith II, etc) with no matches

Member Eligibility Verification: Recipient Search

Result: SOE request can be submitted to Care1st.

b. Scenario: Member Found on AHCCCS Online Portal, but no active eligibility

Test Member Case: Provider wants to submit open-ended SOE effective 8/1/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found termed effective 7/31/2022.

Result: SOE request can be submitted to Care1st.

c. Scenario: Member Found on AHCCCS Online Portal with active eligibility with an ACC Plan

Test Member Case: Provider wants to submit open-ended SOE effective 8/1/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found active enrollment with an ACC plan effective 8/1/2022

Result: SOE request should not be submitted to Care1st as member is enrolled with ACC Plan. Work with RBHA of record for claims submission or determine if "Crisis" enrollment request needs to be submitted to Care1st for DOS instead.

d. Scenario: Member Found on AHCCCS Online Portal with active FFS eligibility

Test Member Case: Provider wants to submit SOE effective 5/1/2022-5/31/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found FFS Enrollment span effective 5/23/2022-5/31/2022

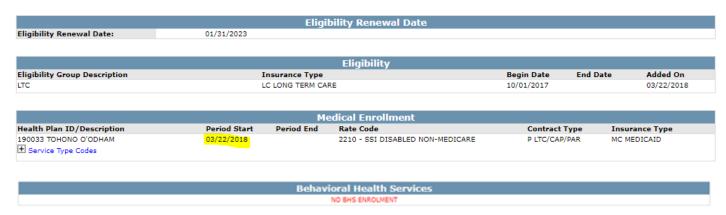

Result: SOE request should not be submitted to Care1st with the dates provided as member is FFS for part of the requested enrollment dates. Provider would need to submit services with DOS 5/23/2022-5/31/2022 through the AHCCCS FFS process. Provider would also want to adjust SOE enrollment dates to not overlap the FFS enrollment. SOE could be submitted with SOE dates of 5/1/2022-5/22/2022.

e. Scenario: Member Found on AHCCCS Online Portal with active eligibility with an LTC Plan

Test Member Case: Provider wants to submit open-ended SOE effective 8/1/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found active enrollment with an LTC plan effective 3/22/2018.

Result: SOE request should not be submitted to Care1st as member is enrolled with ACC Plan. Work with Plan of record for claims submission or determine if "Crisis" enrollment request needs to be submitted to Care1st for DOS instead.

f. Scenario: Member Found on AHCCCS Online Portal with active eligibility with T/RBHA

Test Member Case: Provider wants to submit open-ended SOE effective 8/1/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found active enrollment with a T/RBHA effective 3/1/2019.

h. Scenario: Member Found on AHCCCS Online Portal with active State Only eligibility with another RBHA.

Test Member Case: Provider wants to submit SOE effective 8/1/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found active State Only enrollment with another RBHA effective 7/28/2022.

Result: SOE request should not be submitted to Care1st as member is enrolled with another RBHA as State Only. Work with RBHA of record for claims submission or determine if "Crisis" enrollment request needs to be submitted to Care1st for DOS instead.

i. Scenario: Incarcerated Member Found on AHCCCS Online Portal with Active Eligibility

Test Member Case: Provider wants to submit open-ended SOE effective 7/1/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found ACC enrollment from 3/11/2022-7/28/2022. Member enrollment was suspended on 7/29/2022 due to incarceration.

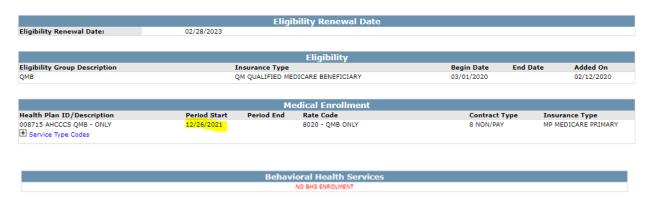

Result: SOE request should not be submitted to Care1st with the dates provided as member is enrolled with an ACC plan for part of the requested enrollment dates. Work with ACC Plan for 7/1/2022-7/28/2022 claims or determine if "Crisis" needs to be submitted to Care1st for any of these DOS instead!

Provider would also want to adjust SOE enrollment dates to not overlap the ACC enrollment. SOE can be resubmitted with SOE start date of 7/29/2022 as SOE can be submitted while the member enrollment is suspended due to incarceration. FYI Care1st/AHCCCS will admin term the active SOE span once the enrollment is reinstated in the AHCCCS systems.

j. Scenario: Member Found on AHCCCS Online Portal with Active QMB Medicare Savings Eligibility

Test Member Case: Provider wants to submit open-ended SOE effective 7/1/2022 for member found on AHCCCS Online portal.

Research: Member searched by AHCCCS ID/DOB and found active QMB enrollment effective 12/26/2021.

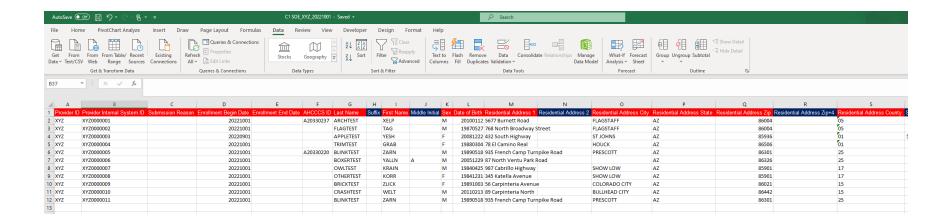

Result: SOE request can be submitted to Care1st as SOE can be submitted when member is enrolled in QMB Medicare Savings Program.

2. PROVIDER SOE INPUT FILE WORK PROCESS

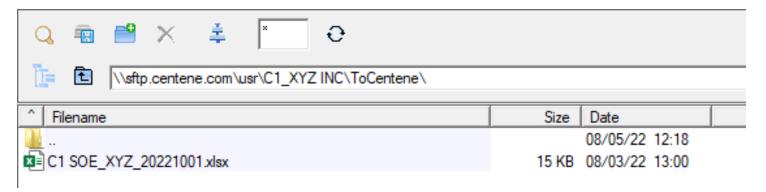

a. Scenario: Provider needs to send SOE input file to Care1st after validating that all records on file pass validation requirements.

Sample files displayed will be provided with training materials.

i. Provider will create a SOE Input file to submit to Care1st. Example file name C1 SOE_XYZ_20221001.xlsx

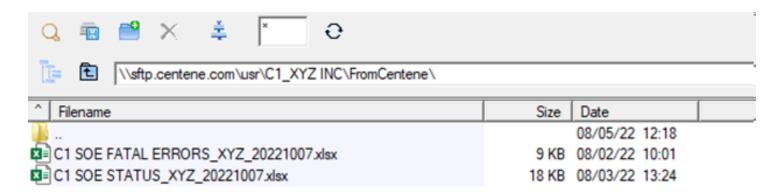

ii. Provider will drop input file onto SFTP ToCentene directory.

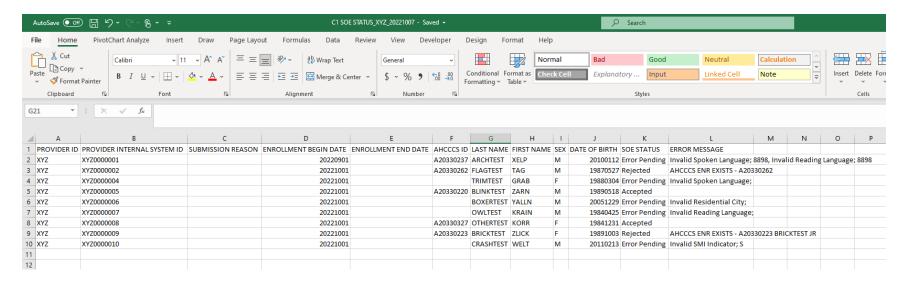

- iii. Care1st automated jobs will sweep SFTP every business day at 7:00PM CST to pull any submitted files.
- iv. Care1st Enrollment team will process submitted Input files into internal enrollment systems and review/validate all received records in the AHCCS systems.
 - i. Records that pass validation, will be forwarded to AHCCCS for review and processing on their end.
 - *ii.* Records that fail validation will not be forwarded to AHCCCS and will be sent back to provider on SOE Status Report.

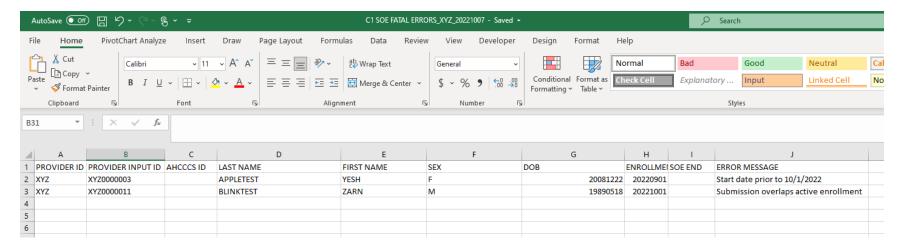

- v. AHCCCS will review and process received SOE records in their system and send response files back to Care1st typically within 2 business days.
- vi. Care1st will load response files to internal Enrollment systems.
- vii. Care1st will provide response reports to providers on FromCentene directory.

• SOE Status – Daily report will contain the current status of any pending SOE records that were submitted by the provider. *Example file name C1 SOE STATUS_XYZ_20221007.xlsx*

■ SOE Fatal Errors — Weekly report will contain any records that rejected in the initial file ingestion (Step iv.) due to missing required data or overlapping submission and will not be processed further. Provider will need to determine next steps. *Example file name C1 SOE FATAL ERRORS_XYZ_20221007.xlsx*

viii. Provider will review SOE Status report to gather the status of their submitted records. A part of this review is the 'Error Pending' and 'Rejected' status on the report. Provider will be required to resubmit any missing data for these records if needed (see step below on Resubmissions.)

Below is a grid of the Provider submissions from step i, which status report they would be received on and which next steps the provider would take for each record.

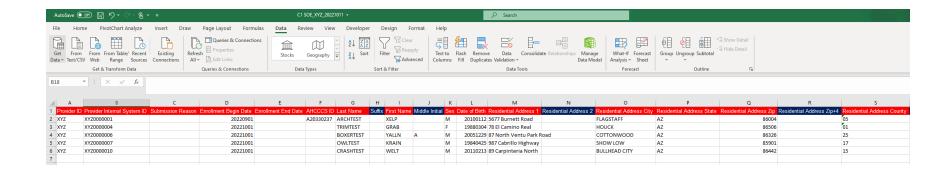

PROVIDER INTERNAL ID	RESPONSE FILE	SOE STATUS	ERROR MESSAGE	Cause	Next Steps
XYZ000000 1	SOE STATUS	Error Pending	Invalid Spoken Language; 8898, Invalid Reading Language; 8898	Incorrect values submitted	Resubmit with corrected values (see next steps in this process.)

- *ix.* <u>Resubmission</u> the following steps will detail how a provider would resubmit any 'Error Pending' records found on the SOE Status report on a future SOE Input file.
 - a. After reviewing the SOE report (detailed in steps vii-viii above), add the records you will be resubmitting on a new input file.
 - *i.* Ensure you use the same Provider Internal System ID provided on initial submission to avoid overlapping Fatal Errors!
 - *ii.* Ensure you send a full record not just what was missing on the initial submission, otherwise you will just additional errors for missing data.
 - iii. Example file name C1 SOE_XYZ_20221011.xlsx

x. Follow step i. and drop new SOE Input file on SFTP.

xi. Repeat steps ii-x again to follow resubmissions through process.
